

Lemuel Benitez

SUMMARY:

A college senior with experience in Web_Development and Mobile programming. Currently looking for an Entry-Level Software Engineering position.

EDUCATION

CUNY Herbert H. Lehman College— *B.S Computer Science*

January 2018 - December 2020

Coursework Included: Data Structures and Algorithm, Database Systems, Computer organization, Elementary to Discrete Algebra, Operating Systems and Business Management. G.P.A: 3.2.

PerScholas BootCamp— *Web Development*

May 2020 - August 2020

Topics included agile & scrum methodologies/SDLC, multithreading, collections, basic I/O, Concurrency, JDBC, Java networking and Java 8, Spring MVC, Tomcat, HTML/CSS/JavaScript, MySQL, SonarQube, Maven, Data Structures and Algorithms.

PROJECTS

New York Tour App — *Android Dev*

Lead my team in creating the “New York Tour App”. Styled the home page and assisted with it’s backend. Implemented weather api with location detection. Worked on user stories, user pages and to do lists. Assisted with implementing and creating Room database and food back and front end.

Tip Calculator App — *Android Dev*

Allows the user to enter the BillAmount via the virtual keyboard and then use the SeekBar to drag the Tip Percentage and find out what the Tip should be and the Total. A Spinner to select the number of people splitting the total and more.

WORK EXPERIENCE

Customer Service Specialist— *Best Buy*

June 2018 - February 2020

Assisted customers with their technological needs. Engage customers using soft skills while solving issues, providing end-to-end solutions with fast and accurate processing of transactions.

Care Manager — *Institute For Family Health*

June 2018 - February 2020

Participated in daily stand ups and weekly follow ups to discuss pt’s needs/issues. Worked with epic technology to document encounters with pt’s and care team. Implemented and created a care plan based on Smart Goals for each pt.
